

NAWEA WINDTECH 2022 CONFERENCE

Earth, Ocean & Environment
September 19 – 23, 2022
University of Delaware

The 2022 conference will build on the successes of the previous conferences including the most recent in 2019, reuniting the **NAWEA** Symposium and the International Conference on Future Technologies in Wind Energy (**WindTech**), while broadening the vision to explore two additional themes: grid integration and the social science of wind energy development. **NAWEA/WindTech 2022** will be hosted at the University of Delaware in partnership between the Center for the Research in Wind (CreW) and **NAWEA** in September of 2022.

NAWEA / WindTech Sponsorship

Why Sponsor:

- Promote your company with up-and-coming job seekers.
- Advance wind energy research.
- Provide educational opportunities to endorse further advancement in wind energy innovation.
- Support essential workforce and the future of wind energy advancement.
- Back energy policy development.
- Engage with fellow wind energy colleagues.
- Elevate brand awareness among industry educators, researchers, and peers.
- Stay abreast on topics of developing industry research.
- Support the teams leading the charge to industry growth and change.

Conference Demographic:

- Researchers
- Educators
- Policymakers
- Industry members
- Government representatives
- Graduate students
